LATEST ESTIMATE OF VICTIMS.

Three days ago and the best of it is penetrated, it becomes more and more apparent that the death list will be more than 5000, and the general impression the victims will number between 10,000 and 15,000. The cases now penetrated the greater the number recovered. On Franklin street 11 were in a cluster in a few minutes and 12 more were found.

THE DEATH LIST.

**WE THINK IT WILL REACH AS
HIGH AS 15,000.**

**Every Hour Brings Discoveries of
Additional Victims—Thou-
sands of the Dead Will
Never Be Found**

STON (Pa.), June 5.—[By the Associated Press.] Something like accuracy has been reached in estimates of the loss of life. The most conservative now put the number at 10,000. But others think the losses may run up to 12,000, or even 15,000. Children form a very large proportion of the lost. The general opinion is that fully half the bodies will never be found. Those who place their estimates at the higher end do so on the results of the registration thus far. At the different registration

There are hundreds of people waiting and the offices to have their names added on the list of saved. It is thought by tomorrow night 85 per cent of the survivors will be registered.

THOUSANDS OF MEN AT WORK.

In the midst of this scene of death and isolation, relenting Providence is exerting its soothing influence. The temperature remains low in Conemaugh Valley. Its benefits are inestimable, and should it continue a few days longer it is possible hundreds of lives may yet be recovered in such a state of preservation as to render identification possible. Many hundreds of victims, however, will be roasted and charred into

work of clearing up the covering bodies is being conducted systematically. Over 6000 men are at work in the valley. As the rubbish is gone over and sorted, the débris is piled up and the torch is used. In 24 hours more every mass of rubbish will probably have been searched and investigations be confined to the smoke-wreck above Johnstown bridge. The talk of rebuilding the town has already run, and it is thought the great Cambria Works will be running again in 30 days, and portions in two weeks. A hundred men are at work clearing away for this purpose.

9 people we fed and 600 families furnished with provisions. Five carloads of things are distributed now, and almost any one is provided.

Clara Barton of the Red Cross Society arrived this morning and went to work.

Nine hundred army tents have been pitched, and two white-walled villages now afford shelter to nearly 6000 homeless people.

Thirty doctors arrived from Philadelphia this morning. They were thanked for their illness and help, but their services were declined from the fact that there are no sick to take care of. In Prospect Hospital, the hill, there is not one sick patient.

MORE LOSSES.

Great Damage by Floods in Huntington County, Pa.

HUNTINGTON (Pa.), June 5.—[By the Associated Press.] Late news from the suburban districts of this county just received shows that the destruction to property by the flood is infinitely greater than first reported. The waters are receding, and couriers have arrived bearing the news of an unprecedented flood. From Bedford to Huntington on the Roystown branch, and on to Lewistown on the Juniata River.

sylvania, except of course at Johnstown. Not a house is left that stood within reach of the swollen stream here. The damage to property will reach \$500,000, while other towns in the county have suffered correspondingly.

At Mapletown the immense tannery of A. Roberts was damaged to the extent of \$300,000, and the loss to other property will reach \$100,000 more.

The Powell furnace at Saxton sustained loss of \$300,000, and at that place both railroad bridges were swept away, leaving no railroad communication with Bedford cut off.

For a distance of three miles below here

Three families, comprising sixteen persons, living on Roystown branch, are missing, and it is feared they were swept away with their homes.

PHILADELPHIA, June 5.—It is not known whether the Pennsylvania road will be able to continue its service.

POLICE COMMISSION.

THE HEADSMAN'S AX AGAIN FAILS TO FALL.

and the Commissioners Content Themselves with the Transaction of Routine Business--to the Discomfiture of a Few and the Satisfaction of Many.

At 2 o'clock yesterday afternoon, the usual hour for the meeting of the Police Commissioners, none of those gentlemen had put in an appearance at the Mayor's office, and the room was in possession of Chief Burns and the reporters, and even the latter were somewhat uneasy, as it had been reported that the commission on their private haunts in the morning had been seriously considering the matter of excluding the press representatives. At 10 o'clock Mr. Dexter came in, and a few minutes later Mayor Hazard came in. Councilman Sumner had been detailed to see that due harmony was maintained, and came in at 11 o'clock and took his seat near the chairman's desk. Mr. Lindley was the next arrival, showing up smiling and cheerful as usual, in all the glory of his perennial good nature and a brand-new hat. There was then a short interchange of compliments concerning the Union League lovefest of the previous night, when Mr. Knox came in and the meeting was called to order. Clerk Robinson was absent, and in his place A. M. Burnham officiated, the reading of the very voluminous minutes being dispensed with.

The Chief of Police reported that the complaint in regard to the extra drivers and conductors of the street railroad company at Olive and Third streets had been attended to, and the officers of the company had promised to make the proper provision for their employees.

The Chief also reported that the Club Theater had been closed permanently, but that the notorious Miss Link Saloon was running with water girls in the back room. In answer to a question by Mr. Lindley as to his opinion about the place, Chief Burns said that he did not think it a proper place to run on the ground floor, whereupon motion of Mr. Knox the license was revoked by the unanimous vote of the commission.

G. Ratino was granted a license for side-bar in his restaurant at No. 202 Commercial street, as was also Harris Robinson for 567 East First street.

The "unbecome" resolutions introduced several meetings ago by the Mayor, Mr. Dexter and Mr. Lindley, which had been made the special order for 2:30 o'clock, came up, and on motion of Mr. Lindley, were laid on the table.

The petition of Baggett & Banta for a transfer of their saloon license from Vignes and Turner streets to Commercial and Los Angeles streets was granted.

R. Mesmer's petition for a transfer of the saloon license for the New United States Hotel from Curry to himself was granted.

The license in the name of Germain & Baer was transferred to Edward Germain, as were also several others which were in regular form, and did not increase the number of saloons nor the license fees, being merely changes in the names.

Charles Linn presented an application for a saloon, No. 181 Commercial street, which, under a new saloon, was referred to the Chief for investigation under the rule. The same course was taken in the matter of the application of Alexander for a place on New High street.

H. A. Cline's application went over for a week to enable another applicant to make a written statement.

Louis Mesmer presented a complaint against Theodore Metzler, which, on motion of Mr. Lindley, was laid without reading, on the ground that Metzler is not now on the police force. Metzler also presented a statement, which took the same course. The complaint is in reference to the Levine arson case.

A complaint was also filed by William Jackson, a colored hotel-runner, against Officer Dunn, on duty at the Santa Fe depot, and was referred to the Chief for investigation.

J. Greer and others presented a petition asking for the suppression of the house at No. 202 New High street as a nuisance, on the ground that it is a house of prostitution. After some discussion, the Chief's action, already taken, in the matter was approved.

Chief Burns stated that S. J. Newton of Flower street had preferred charges against Officer Dorsey for using abusive language to him, which, after a statement by the Chief that he had investigated the case, was laid.

The following demands were presented: Black Diamond Coal Company, \$18; approved. Fred Linn, \$8.25; approved. Richard Molony, \$60; approved. Collins & Co., \$30; approved. Heinzelman & Co., \$38.25; approved. W. C. Curry, \$18.35; approved. Empire Stable, \$5 for team for Detective Metzler, was referred back to the officer for information. Empire Stable, \$4; approved.

H. Selling presented a petition asking to be allowed to peddle his wares without paying a license on the ground that he is in poor health and unable to support his family. Pending on the ground that the board had no power to grant it.

Dr. E. I. Dillingham presented an application to be appointed Police Matron, which was filed, as was also the application of Mrs. H. A. Watson for a salary as manager of the Girls' Home.

Quite a discussion arose over Mrs. Watson's application, after which it was referred to the Chief to investigate and report at the next meeting.

Mrs. R. M. Du Val's petition to be appointed Police Matron was also placed on file.

The Mayor stated that, for the sake of saving trouble, it might be well to state that the board had elected Mrs. Gray to the position of Police Matron, which was agreed to.

Several other applications for positions on the police force were presented and placed on file, among them one from L. G. Loomis, accompanied by a petition signed by 100 of the leading property-owners of Boyle Heights.

This cleared the table, and after a little pleasantries on the part of Mr. Lindley, who was quite kitchinized during the entire session, the meeting adjourned, to the great disappointment of those present, as well as the waiting throng of applicants who lined the sidewalks for two blocks on either side of the Mayor's office.

Army News.

From special orders the following army items are obtained:

Maj. J. H. Patzki, surgeon, is directed to go from Fort Huachuca to Fort Bowie, Ariz., on special business.

Corp. Michael Erley, Troop I, Sixth Cavalry, is granted a furlough of four months.

SUPERVISORS.

The City Board of Public Works Helps Out.

The Board of Supervisors met yesterday in regular session.

The bids for the courthouse bonds came up for settlement, and the bid of the State School Fund for \$90,000 at 2 per cent, and accrued interest was accepted. They were also granted the refusal for 30 days of the remaining \$10,000 of the \$100,000 at the same rate.

The Clerk was directed to advertise for bids for \$4000 Lancaster school district bonds.

In the matter of bids for \$4700 Los Feliz school district bonds, the bid of A. E. Pomeroy for the bonds at par was accepted.

Mr. K. R. who had a petition before the board asking to withdraw from the bond of County Treasurer Banbury, withdrew the petition in order to present it to the court approving the bonds.

Bids for furnishing supplies for the County Hospital were opened from Hellman, Haas & Co., Seymour & Johnson Co., for groceries; A. E. Little and Co., for fruit; and Adams & Stephens, Simon Maier and Los Angeles Slaughterhouse Company, for meat; Hellman, Haas & Co., for liquors. The bid of the Seymour-Johnson Company for groceries was accepted, and the other bids taken under consideration. Afterward the bid of Mr. Maier for meat and C. F. Heinzman for drugs were accepted.

The bid for liquors was rejected, and the Superintendent authorized to purchase all articles not awarded in open market.

The Board of Public Works of the City Council met the board, and a general discussion of several improvements took place.

Upon motion, the city was allowed the right of way over county roads for the purpose of an outfall sewer to the ocean.

In regard to the improvement of Broadway, the fill of the arroyo, after consultation, the Board of Supervisors agreed to assist the city in making the fill by paying one-third of the cost. The Board of Public Works agreed to recommend the making of plans and specifications, and the advertising for bids for the work.

In regard to the extension of Ninth street and Alvarado street, the Board of Public Works agreed to recommend their opening.

On motion of Supervisor Rowan, the county presented the Macy-street bridge to the city, and the Clerk was instructed to tender the same to the City Council.

The matter of the construction of the Pasadena boulevard was discussed in the joint meeting. It was the expression of the Board of Supervisors that the county is ready to go ahead as soon as the city is. The right of way for widening to 100 feet is nearly secured. It was agreed that both city and county should go ahead with the matter as rapidly as possible.

The Board of Supervisors met yesterday morning, with His Honor presiding and the full board present.

Ed W. Kinney handed in his resignation as driver of the Plaza engine, and the same was accepted. Dave Brown of the Park Horse being appointed in his place.

D. A. Linn asked permission to subdivide engine 15, his carpenter shop, at No. 34 Los Angeles street, which was granted.

The usual bills and demands were read, approved and ordered paid.

Bartlett & Stiles presented a petition and ordinance allowing them to establish a fire patrol in the city. It was recommended to the Council that the ordinance be adopted and permission granted, on condition that a bond of \$2000 be filed.

Chief Strohm reported the following changes in the department, which were approved: Paid off Foreman F. Stoermer and Callman C. E. Dyer, of Engine No. 2, and appointed Meyers, callman, as foreman; Callman Mockert of No. 6, resigned; H. J. Spears appointed in his place; Callman H. J. Dyer, of Engine No. 2, resigned; C. P. Hansen appointed to fill the vacancy; Callman Crumb of No. 3, resigned; Charles Fruelcher appointed; Driver Ed Kinney of No. 4, resigned; Driver Brown appointed; Callman F. Nealer of No. 5, promoted to driver of Park Horse; John Garroty appointed in his place; McNerny dropped off the list, not a citizen, only six months in America; I. W. Heary appointed in his place.

The Chief reported that a fire plug was impracticable at Mozart and Hayes streets, on account of insufficient main.

Mr. Lovell moved that the Chief be instructed to locate plugs for fire purposes on the East Side of the city, and the Chief reported that he had investigated the case, and was laid.

The following demands were presented: Black Diamond Coal Company, \$18; approved. Fred Linn, \$8.25; approved. Richard Molony, \$60; approved. Collins & Co., \$30; approved. Heinzelman & Co., \$38.25; approved. W. C. Curry, \$18.35; approved. Empire Stable, \$5 for team for Detective Metzler, was referred back to the officer for information. The Universalists.

SANTA PAULA, June 5. —[Correspondence of THE TIMES.] The third annual Universalist Convention of the State of California met in Cleveland Hall, Santa Paula, last evening. The hall was beautifully decorated with flowers and evergreens, such as can only be found in Southern California. The hall was well filled, and a large number of parishes were represented from the various parts of the State. After singing, a most appropriate address of welcome was delivered by Mrs. M. M. Bowman of Santa Paula, and responded to on the part of the delegates by Hon. A. G. Throop of Pasadena.

After prayer by Rev. L. M. Andrews, resident pastor of Santa Paula, Rev. G. H. Deere, D.D., of Riverside, delivered an eloquent sermon appropriate to the occasion.

The convention gives promise of a still much larger attendance, every train bringing more delegates, and the outlook for the growth of liberal Christianity on the coast is very encouraging.

Alhambra, June 5. —[Correspondence of THE TIMES.] In the Alhambra items of Monday last, the number of cars of oranges shipped from Alhambra this season should have read 127 instead of 27, as printed. This is the largest number shipped from any station along the line of the Southern Pacific Railroad except Colton, and that station relies on Riverside for its shipments.

The wife of Rev. J. H. Crist of the Methodist Church was unanimously elected School Trustee at the election on Tuesday.

NO LONGER A TERROR.

Modern Treatment That Cures Constipation.

According to the San Francisco dailies a remedy has been discovered that with almost unerring certainty overcomes constipation. It is the new laxative principle in Joy's Vegetable Sarsaparilla. The papers of all recent occurrences confirming its efficacy, and we give place to their latest sensation, a card from San Francisco's well known lady manicure. She says: "I am willing to relate the following experience. I have for years had a weak stomach attended with constipation, and never found but one preparation that helped me and that soon wore out and lost its effect, and I was again a sufferer till I tried Joy's Vegetable Sarsaparilla. It helped me in every way and has thoroughly reformed me. I had opined of the most sensitive of stomachs and was in continual distress, but can with the aid of Joy's Vegetable Sarsaparilla now eat any and everything with my old accustomed freedom without any evil effects. I am both surprised and delighted, and gladly recommend it."

Liverpool, June 5.—[By Cable and Associated Press.] The inquest on the death of Maybrick, who is supposed to have been poisoned by his wife, was resumed today.

Dr. Hopper testified that in treating the patient he had prescribed the use of strychnine, but had never administered the use of arsenic. The witness stated that in June of 1888, Mrs. Maybrick came to him and asked him to speak to her husband about the habit of arsenic-taking, to which she said he was addicted. Maybrick had acknowledged to witness that he had struck his wife and given her a black eye during a quarrel about a gentleman.

Witness further stated that Mrs. Maybrick had expressed to him a repugnance toward her husband, and said she wished she could obtain a separation from him. Dr. Hopper, who had also attended Maybrick, testified that shortly before the patient's death witness had given directions that a few drops of a solution of arsenic be administered hourly to the sick man.

A letter was read which Mrs. Maybrick wrote to her husband, in which she stated that everything was known about their visit to London. The letter concluded: "Appearances are terribly against me. Before God I swear I am innocent."

The testimony elicited groans and hisses, and the coroner threatened to clear the court.

The testimony elicited groans and hisses, and the coroner threatened to clear the court.

A letter was read which Mrs. Maybrick wrote to her husband, in which she stated that everything was known about their visit to London. The letter concluded: "Appearances are terribly against me. Before God I swear I am innocent."

DISTRICT CONFERENCE.

Methodist Pastors in Session Yesterday.

The District Conference of the M.E. Church, which opened at the Forth Street Church Tuesday evening, reconvened yesterday at 9 a.m., and after devotional exercises, led by Rev. L. M. Larkin of San Fernando, Rev. J. W. Van Cleave, presiding elder, took the chair and called the conference to order. The roll was called, and there were present:

J. W. Van Cleave, presiding elder. Ministers—F. W. Johnson, C. P. Wilson, F. S. Woodcock, Adam Bland, Henry Cox, J. B. Holloway, R. S. Cantine, W. A. Knight, E. N. Thompson, A. C. Williams, F. L. Morrell, D. L. C. Patton, F. A. Tubbs, O. Wahlberg, L. G. Spring, E. S. Robertson, J. A. Morrison, S. J. Fleming, J. M. Larkin, F. M. Warrington, J. D. Crum, J. E. Wright, F. A. Beck, J. M. Jamison, W. F. Wright, P. Peterson, R. M. Beach, William Armstrong.

Local Preachers—J. C. Elliott, G. M. Adams, H. S. Waaler.

Sunday-school Superintendents—H. N. Rankin, S. B. Sanborn, E. W. Spencer, C. L. Smith, A. Z. Taft, Charles Reynolds.

C. P. Wilson was elected secretary. Rev. H. V. Train of West Wisconsin Conference was introduced and invited to sit with the conference and take part in its deliberations.

Local preachers made reports and had licenses renewed.

Rev. G. F. Bovard, presiding elder of Pasadena district, was introduced. His districts reported as to financial condition of charges.

Mrs. Gibson, treasurer of the Woman's Home Mission Society, reported the receipts from the charges of this district to be \$456.78; disbursed within district, \$340.94, leaving a balance on hand of \$115.82.

The Sunday-school superintendents reported the condition of Sunday-schools.

The presiding elder appointed H. Cox, D. Cobb and F. L. Morrill as a committee on resolutions.

The reports from all the charges show an advance in spiritual and material interests.

The programme of addresses, of 10 minutes each, for last evening was as follows:

The Sunday-school—L. Its Relation to the Church. A. C. Williams. 2. Proper Method of Preaching. E. W. Spencer. Ministerial Support—L. The Relations of the Steward to A. M. Houghton. Best Method to provide for Dr. J. Dougherty. System in Our Church Work—Dr. J. P. Widney.

Loyalty to the Discipline—M. M. Bovard.

The conference will continue its sessions this morning, and will adjourn at noon.

A FIRE ALARM.

Caused by a Bursting Lamp—A Runaway.

Last night about 9:45 o'clock the fire engines turned out in answer to a telephone alarm, caused by the explosion of a large swinging lamp in Stone's grocery store, in the Callaghan block, at the corner of Third and Spring streets.

The fire was extinguished before the arrival of the engines by a young man belonging to the Park Hotel, whose name could not be learned, smothering the blaze with his coat.

The damage was trifling so far as the store was concerned, but came very near resulting in a serious disaster from the escape of a man who discharged a charge of gas.

A horse attached to a buggy in which were two women, and the animal ran away, throwing one of the women to the ground. She struck fairly on the back of her head, and it was at first thought that she was killed by the fall, but on investigation it was found that her face had broken the force of her descent and she was uninjured.

It was at first reported on the streets that the fire had occurred in the Hollenbeck, which caused something of a sensation until the true facts were learned.

CONTRABAND OPIUM.

Uncle Sam Seizes It to Johnny Abbott.

The opium seized at San Luis Obispo several months ago by the internal revenue officers was put up for sale yesterday. It was first taken to San Francisco and then brought back to Los Angeles, condemnation proceedings having been begun here after the seizure.

There were several bidders, among them two or three Chinese merchants; but the opium was finally knocked down to Johnny Abbott at \$1.20 per box. There were 55 boxes in all, and he paid \$187 for the lot. The Chinese merchants would not go as high as Abbott, saying that it is not first-class opium. They said that it was prepared in San Francisco. There is enough to start several opium joints and keep them running for a time.

MACLAY COLLEGE.

The Commencement Exercises Next Week.

Programmes are out for the commencement exercises of the May College of Theology, to be held June 9th, 10th, 11th, 12th and 13th. There are to be addresses by Dean R. S. MacLay, Judge R. M. Widney, Prof. F. B. Cherington, Dean J. P. Widney, Rev. A. C. Williams, and Rev. Edward Thompson, and also the class examinations and exercises.

Dean R. S. MacLay will give a reception to the faculty and students on the 13th inst. from 5 to 9 p.m., at their San Fernando residence.

Unwelcome Gypsies.

For some days past there has been more or less complaint about a gang of gypsies or Slavonians, who have been going about the streets with a sort of miscellaneous traveling menagerie, frightening timid women and begging from every one they met. A day or two ago a group of men of the party, with their bears and monkeys, were brought in, they were released on the promise that they would give no further cause for complaint. This they did not do, and yesterday the entire crowd, consisting of 11 men, women and children, were arrested and brought to the police station. They were, however, released on promising to leave town in 24 hours.

Accident in a Street-car.

Tuesday evening, while passing over the Downey-avenue bridge on the street-car, D. J. Carr, secretary and treasurer of the Grand Division of the Brotherhood of Railway Conductors, gave his seat to a lady with a child, and he was compelled to stand upon the sidewalk step. An obstruction on the sidewalk struck him, breaking his shoulder and fracturing his ribs. Mr. Carr blames the conductor for not warning him of the approach of this dangerous place.

PACIFIC COAST.

Choynski Knocked Out by Corbett.

Twenty-seven Rounds Fought on a Barge Near Benicia.

Officers Make No Attempt to Prevent the Fight.

Rev. Social Purity James Heard From—The People of Oleander Give Him Three Days to Skip.

By Telegram to The Times.

BENICIA, June 5.—[By the Associated Press.] The fight between Jim Corbett and Joe Choynski, which was interrupted by the Sheriff last week, was resumed this morning on a barge off Dillow's Point, near Benicia, in the presence of about 200 spectators. Corbett wore two-piece gloves, but Choynski had been lost, and with Corbett's consent, he wore skin-tight driving gloves, with the understanding that Corbett could do the same if he chose.

In the first two rounds no blows were struck, the men sparring for an opening.

Third round—Corbett kept leading for a push blow in the month, and Corbett drew first blood.

In the fifth round Corbett smashed Choynski in the nose and mouth several times, and escaped without damage.

In the sixth round there was an even exchange of harmless blows.

The seventh round was a repetition of the fifth.

Eighth round—Both men were cautious. Corbett hit Joe in the mouth several times.

Ninth round—Corbett kept leading for Choynski's nose and mouth, and scored a clean knock-down.

Tenth round—Joe got wild, and Corbett smashed him in the nose more than he was a horrible sight, and only the call of time saved him from a knock-out.

In the next two rounds Choynski was roughly punished, but took it gamely.

In the fourteenth round Choynski rushed and gave Corbett a black eye, but got severely punished in return.

In the twenty-fourth round Joe made a desperate rally, which Corbett saved by a clinch. He was not strong enough to knock him out.

In the twenty-seventh round, Joe made a terrible rush, which Corbett met with a rush and clinch, and Jim knocked him down twice. Jim smashed him, and Choynski fell, unable to rise at the call of time. Corbett was not badly punished.

A SIX-ROUND FIGHT.

VIRGINIA (Nev.), June 5.—In a skin-glove fight to a finish tonight for a purse of \$350, between Paddy Smith of Birmingham, England, and Dan Murphy of Boston, the latter was knocked out by the sixth round. Murphy was badly punished, being knocked down 13 times in two rounds.

SOCIAL PURITY JAMES.

Oleander People Give Him Three Days to Depart.

FRESNO, June 5.—[By the Associated Press.] G. W. James, who distinguished himself here about a year ago by his lectures on Social Purity, and who subsequently went to Los Angeles county, where he assumed the duties of a pastor of a church, is now with his father in Oleander, a colony adjoining this city. He has been acting peculiarly, and the neighbors have given him three days to leave.

Lost from Lower California.

March of Stockton, Dan McDonald of Santa Ana, and William Smith of Escondido, brought up \$10,000 worth of gold dust from the Lower California gold mines this morning, which they sold to two banks in this city. They report that they unearthed a number of Indian ornaments a few days ago, and express the opinion that the mines were worked by the aborigines ages ago.

CAME TO NAUGHT.

A Case That Has Been Pending Over a Year.

An ancient case was finally disposed of yesterday by Justice Lockwood. It was the case of the People vs. Brady. The defendant was charged with appropriating \$10 from A. H. Miller.

The affair took place over a year ago, and there has already been one trial of the matter before Justice King, in which the jury disagreed. The trouble arose one night when Brady and Miller were indulging in more or less in a mild "jamboree." They chanced to enter the Brunswick saloon among other places. While there Miller laid some money on the counter. Some of it dropped on the floor. Brady picked it up, and attempted to get Miller home. He took the money and put it in his pocket in pursuance of his design to take care of his friend. Miller got the idea in his head that Brady was attempting to rob him, and the result of the evening's entertainment was that Brady was arrested on that charge. The whole thing has been pending for over a year, and was revived by Miller a short time ago.

Testimony was heard in the case, and the Court came to the conclusion that Brady was simply acting the part of the good samaritan. He therefore dismissed the charge against the defendant, and discharged him from custody.

CHINESE OUT OF PLACE.

Resolutions of the East Side Board of Trade.

The protest of the East Side against the near approach of the Chinese quarters to the pretty little park known as the "Plaza" is formulated in the recent resolutions of the East Side Board of Trade. The resolutions are as follows:

WHEREAS, that portion of the city known as Chinatown, situated fronting the Plaza is a great detriment to the well being and prosperity of the city, being on the direct line of travel and damaging the park as a resort for our citizens, and that for these and other reasons a nuisance exists; therefore be it

Resolved, that it is the sense of this board that our City Council be petitioned to get the Chinese out of the Plaza, and to have the removal of the quarter occupied by the Chinese to the east side of Alameda street.

No Case Against Him.

George S. Bennett, an employe of the Southern Pacific Railroad Company, was before Justice Savage yesterday to answer to the charge of obstructing an officer in the discharge of his duty. The complaint was made by R. Dought, a Deputy County Assessor. The deputy claimed that Bennett had impeded him while attempting to collect from him. It seems that Bennett told him he would settle when the paymaster came along, and also called at the Assessor's office and made the same statement. The deputy called again, however, and threatened to levy on Bennett's furniture. There was a slight dispute about the matter. Afterward the deputy caused the arrest of Bennett. After an investigation of the facts, Justice Savage dismissed the charge against the defendant.

THE REV. DOWIE.

A Specimen of His Mental Exports in San Diego.

[San Diego, June 2.]

For something more than 60 minutes the speaker indulged in a denunciation of medical men, Catholics, members of the Greek church, Protestants, pagans, and humanity in general.

He defied all organized charities, asylums, hospitals, etc., as the institutions by evil-minded persons who hoped thereby to escape the obligations to practice Christian charity imposed by the great Teacher.

He spoke of preachers in general, and said that the writing of one or two sermons a week made both preacher and congregation inexpressibly weary, while he found it a pleasant pastime to preach 21 times a week.

He classed the medical profession of all schools as "scheming empiricists," and he spoke of the "so-called science" of medicine as a "wretched abomination of man's iniquitous conceiving," and denounced the American public as a "people filled with tobacco, alcohol, digitalis and nux vomica," and declared that though the masses of today had better food, better water, better ventilation, and more wealth than at any previous time or elsewhere upon the globe, there was less health, which was but another name for sin, and consequently unhappiness.

In the opinion of Mr. Dowie the Pope of Rome was the anti-Christ of the century. He exhibited the horrors of degradation and ignorance of Catholic countries, the corruption of the priesthood, but the Greek church was, if possible, worse in the ranks and file, and Protestantism was a failure, and he ridiculed the idea of the United States being called a Christian Nation.

Literature to Give Away.

LOS ANGELES, June 1.—[To the Editor of THE TIMES.] Do you know of any eleemosynary institution that would appreciate a contribution of standard literature in the shape of magazines and illustrated papers? I have quite a collection that is too valuable to destroy, but which I have no use for. Yours truly,

W. L. Sisco, Station C. [The Soldiers' Home would appreciate the gift. Address Col. Charles Treichel, the Governor.—ED. TIMES.]

THE CITY IN BRIEF.

The West End Board of Trade held an interesting session last evening.

There is an undelivered telegram at the Western Union Telegraph Office for A. Bookwalter.

A decree was granted by Judge Van Dyke yesterday to the plaintiff in the case of *Sims vs. Hyatt*. It was a suit upon a promissory note for \$3250.

The annual exercises of the Chaffey College at Ontario will commence next Sunday and continue five days. An interesting programme has been prepared.

John A. Logan Post, G.A.R., will give its second annual calico ball at Turner Hall this evening. There is certain to be a good attendance, as the gentlemen and ladies of that post know how to entertain.

In the case of *Brook vs. Pearson*, which was decided several weeks ago, Judge Van Dyke yesterday granted \$3000 additional time for the defendants to prepare and serve a statement on motion for a new trial.

Seven Chinamen were brought in from Pomonca yesterday to serve 10-day sentences in the County Jail for interfering with the work of the deputy assessor, by refusing to give their names when they were tackled for poll-tax.

The case of *Lazarevich vs. Glass* will come up again before Judge Van Dyke today. A large amount is involved in this case for attorneys' and witnesses' fees in the settlement of the Glass estate. It is set for 9 o'clock this morning.

The Street Superintendent's office is enforcing the rule in regard to having gutters across the sidewalks covered, and the deputies have received instructions to notify all property-owners where there are open gutters to have the same at once reconstructed as required by the ordinances.

The new suits begun yesterday were very few. A complaint was filed by C. T. Hopkins vs. A. Smith and L. E. Mosher on a promissory note for \$6000; also by W. B. Stewart vs. H. Hodge, way and R. Williams on a promissory note for \$436.95. A petition in insolvency was filed by Charles F. Sloane.

Ah Lock was tried in Department No. 6 of the Superior Court yesterday on the charge of burglary. The jury was out only long enough to file out of the courtroom into the hall. Before reaching the jury-room, they agreed upon a verdict of not guilty, and Ah Lock wore a celestial smile as he marched out a free man.

House-movers preparing to move the ten-story residential corner of Fort and Third streets, formerly owned by J. A. Graves, to a lot on the corner of Tenth and Hope streets. The building has been purchased by Eugene Germain. It is the intention that Mr. Graves proposes to build a business house on the lot vacated.

A report was current on the streets yesterday that there are 20 cases of diphtheria at the Protestant Orphans' Home in this city. This report is based on the best authority that this is a mistake. There have been a number of cases of diphtheritic sore throat, and there are a couple of cases in the home at present, but they are convalescing.

An effort was made yesterday to get Frank Toal, the vicious wife-slapper, out of the clutches of the law. He and his attorney, Horace Bell, appeared in Judge McKinley's court and he withdrew his plea of not guilty in order to make an appeal. The court denied the motion, and Toal again pleaded not guilty to the charge.

It was reported on the streets and about police headquarters last night that the force would be increased to 100 men at the next meeting of the Council, to make room for the Boyle Heights men who were promised places yesterday. The rumor is discredited in well-informed circles, as the tendency among the Councilmen is rather to cut down the force than to increase it.

Contractor Marsh, who has the job of sweeping the paved streets, has received an improved machine direct from New York, which was tested on Fort street yesterday afternoon, and proved very satisfactory. With the new sweeper the work will not only be done quicker, but a great deal more ground can be covered, and new machines will be added as they are needed.

Charles Huff, the 16-year-old prostitute who pleaded guilty to the charge of vagrancy before Justice Stanton, Tuesday afternoon, was yesterday sentenced to 90 days' imprisonment, and committed to the County Jail, where she will be detained until a Humane Officer Wright can make arrangements for her to be removed to the Reform School at San Francisco, provided that institution will receive her.

The following marriage licenses were issued yesterday: William Pickens, aged 37, and Belle Hunter, aged 21, of San Dimas; Glen H. Lamb, aged 20, and Lennie L. Pollard, aged 16, of Downey; John A. Ernsberger, aged 54, and Mary E. Jones, aged 42, of Pasadena; Charles L. Sexton, aged 22, and Louise V. Potts, aged 22, city; E. E. Nold, aged 22, and Frances Johnston, aged 21, city; Robert W. Butler, aged 23, and Cornelia Goodwin, aged 35, city.

Early yesterday morning a man came into the police station with his head badly battered and one of his fingers bitten off. He was in search of a justice to swear out a complaint against one Frank Wurst, who, he said, was the man who had hit him. He did not give any particulars of the affair, or even his own name, and was referred to Justice Stanton, since which time he has not been seen. It is rather a singular case, and if he does not return it will be investigated.

Various parties supposed to have more or less of a "pull" in political circles are already circulating around in the interest of the Missing Link saloon, on Main street, the license for which was revoked by the Police Commissioners yesterday afternoon. The place has long been an eyecore, and was closed once or twice during Mayor Workman's administration, but always succeeded in getting its license back, and the final outcome in the present case will be watched with a good deal of interest.

Oxygen, Compound Oxygen, Nitrous Oxide, and other inhalations, used in all DISEASES OF THE LUNGS.

We have introduced the compound oxygen treatment with our systems of practice in the cure of Asthma, Bronchitis, Consumption, Dyspepsia, Insomnia, Sore Throat, Catarrh, Rheumatism and Nervous Prostration, while only the most improved methods are employed in all female complaints.

As is well known, Oxygen is the life-giving principle in the air, and Oxygen in the air imparts that happy and buoyant feeling after a thunder storm. Persons often require more oxygen than is in the air around them, and cause doors and windows to be opened, and breathe the fresh air, and call for a fan to displace the stifling and bring fresher air or more oxygen. Traveling is done mainly to resorts where the air contains more oxygen, and mountains are ascended to breathe the ozone, which is light and ascends from the earth.

Oxygen and Ozone are gases, and must be stored up and used by inhaling them. Our apparatus for storing and having these gases compounded with other suitable agents is perfect, and though they are not a cure-all, yet they are undoubtedly the greatest invention made in the last twenty years in any department of medicine, and the results are truly wonderful.

Oxygen acts by purifying the blood. Thereby increases the circulation, promotes absorption, improves digestion and assimilation, increases the capability of the lungs, and acts as a gentle stimulant to the nervous system.

The London, Eng. Lancet, very truthfully says: "The compound oxygen treatment is the greatest discovery of the nineteenth century." Clergymen, Statesmen, Lawyers, Doctors and all classes of men and women, wherever it is introduced, both use and recommend it.

The testimonials given below are very fair samples as to the time required for effecting cures in these troublesome cases:

Dr. W. H. H. Dean Sir: I am happy to say that the cure you effected in me for a severe chronic disease has been permanent. For over a year I was troubled with post-nasal catarrh and granulated throat, and had done so much for it that I had but little hope of ever being cured, when I first went to you, but you gave me such prompt relief, when I first came to Los Angeles, that I began your treatment, and in four months from that time you discharged me as cured, and I am happy to say the cure was a permanent thing in every particular up to the present time, which is now over a year, I am very truly,

MRS. LUCY R. THACKER.

Dr. M. H. Williams—Dear Sir: I have been contemplating for some time past making a statement of my case and the benefit I have derived from your treatment, remembering how I had been so long and so miserably afflicted, and how I have been something of the kind from a person in the city, to whom I could have referred, when I first came to Los Angeles from my home in New York State.

I had been suffering for several years with what various physicians at the time pronounced "chronic ulcerated laryngitis." I spent considerable time and money in California, and employed the best medical skill I could find, all without any permanent benefit, and as a last resort our family physician recommended Los Angeles. For a time I improved, but I would not have been able to stay there, as I was so much afflicted, that I was obliged to leave, and I was very truly,

MRS. J. D. WILEY.
